

Fulton Schools photo usage guidelines

The Fulton Schools reserve all rights to our photos, but we love to share.

Please direct permission requests to Jessica Hochreiter or Jake Kupiec and let us know how you plan to use the photo so that we can provide the best format for your needs.

Credit our photographers.

If your final piece will provide photo credits or contributors then we request that you credit our photographers. We can provide credit information with the photo.

Permissions are limited to your request only.

Each use of a photo needs a separate request. You do not have permission to share our photos, but we welcome referrals.

Share your final product with us.

If possible, provide copies of the final pieces to us to share with the photo subjects and keep in our files. We'd love to see how our photos are integrated into your work!
